very nice and relaxing point and click puzzle game - good fun - not much to say really except the puzzles are good - mildly taxing at times but solvable with a little thought and poking around - nice art style. I enjoyed this game, which is basically an 'escape the room' type. The graphics are good on the eye, there is just enough plot there to motivate you and to hang the

scenarios on without boring you half to death with unnecessary story. Most of the puzzles were detectable and solvable without having to resort to the video walkthrough which makes a pleasant change. Many puzzle game designers seem to get carried away. Perhaps because they understand the mechanisms they have designed inside out. They don't necessarily realise that to the player on the receiving end their puzzles are meaningless and baffling. Anyway, this one was good, especially at the price.. I was a bit sceptical in the beginning, buying it on a whim, but after a bit I really started enjoying this wonderful little game. The puzzles are challenging and for the most part quite clever, a good music track, and a strange good atmosphere that made me miss it when I finished it (Do try to find the hidden coins!). Dreamcage Escape is a beautiful short adventure puzzle game. The puzzles are decent, the scope fits the price tag, and the artwork really sells it. Dreamcage Escape is the sequel to the free Escape from 26 . You operate various mechanisms and solve puzzles to reach 15 locations on the two towers, uncovering clues to the towers' backstory as you progress. There are also 3 coins hidden on each level. The puzzles seem mostly original, and I enjoyed them. The game took me about 2 hours to complete. If you're the impatient type who likes to look at walkthroughs, then you could get done a lot faster. There is one annoyance with the game in that it didn't give me any feedback which areas on the screen are clickable: the cursor doesn't change, so I need to click on anything that's likely to do something (or where a coin could be hidden) until I figure out what I'm able to interact with. This can sometimes be frustrating when I'm stuck as I could either be overlooking a clue or be using a puzzle wrong (what I took for a switch was really a slider). However, the superb artwork more than makes up for this. The game was made for 720p and can run windowed; for 1080p fullscreen it adds borders. It runs well on older computers and is also available for mobile platforms. This isn't the type of puzzle game that gives you 200 levels of increasing difficulty, nor does it have the scope and depth of a game like Myst . It is small, beautiful, and not too expensive. Recommended. Note that the developer tried to add achievements, but they are not working at this point. (Read more.. Art style 10/10 Very original puzzle/point-and-click tasks really like that and creative also. Great puzzle-game with a very nice artstyle. Good and easy riddles, a little bit short. Watch my video of the first levels or try the demo. I recommend the game. <https://youtu.be/y9HGjd644Q0>. I enjoyed this game, which is basically an 'escape the room' type. The graphics are good on the eye, there is just enough plot there to motivate you and to hang the scenarios on without boring you half to death with unnecessary story. Most of the puzzles were detectable and solvable without having to resort to the video walkthrough which makes a pleasant change. Many puzzle game designers seem to get carried away. Perhaps because they understand the mechanisms they have designed inside out. They don't necessarily realise that to the player on the receiving end their puzzles are meaningless and baffling. Anyway, this one was good, especially at the price.. Looking forward to more from this developer - I played the free webpage years ago, and just found this. Like others are saying, it's easily solved within 2 hrs, but it's worth it, especially if it's on sale.. This is a rather unique point and click puzzle, for the inexpensive price it is enjoyable to work on and it is artistically quite nice. There's a rather mysterious subtext to the game that piques my curiosity. If you like the screenshots, go ahead and pick it up, especially if on sale.. Wonderful puzzle clicker! This game is a great little puzzler, a few "collect piece and put in things" bits, a few lock puzzles, a few pattern and number puzzles and a couple of really interesting maze locks.
